

GROUND MAINTENANCE

Over the last month you will have noticed we have had some significant work done to the grounds of the gym. We had a wonderful team down from Hale Grounds Maintenance who spent a morning cutting back all the trees and bushes surrounding the edge of the carpark and fire exits from the gym. They removed a lot of the moss off the ground of the carpark and removed a couple of trees as well. I'm sure you will all agree with us that it looks so much better!

We would like to ask if you could please also help us in keeping the outside space looking fresh by either putting your litter in the bins inside the gym or by taking it home with you. Please refrain from dumping it in the car park or the bushes. Thank you in advance.
